

## CONTENTS

### **PART I: OVERVIEW OF THE CO-ORDINATED RESEARCH PROJECT**

|   |    |
|---|----|
| CHAPTER 1. TECHNIQUES USED AND RESULTS OBTAINED . . . . .                                       | 3  |
| 1.1. Introduction . . . . .   | 3  |
| 1.2. Summary of research results . . . . .  | 4  |
| 1.3. Sample selection of archaeological ceramic materials for INAA . . . . .                    | 6  |
| 1.3.1. Sampling of ceramic materials . . . . .  | 7  |
| 1.3.2. Sampling of clays . . . . .  | 8  |
| 1.3.3. Contamination issues . . . . .   | 9  |
| 1.4. Description of the analytical protocols . . . . .  | 10 |
| 1.4.1. Neutron activation analysis: Generalities . . . . .                                      | 10 |
| 1.4.2. Sample preparation techniques . . . . .  | 11 |
| 1.4.3. Standardization . . . . .  | 12 |
| 1.4.4. Elements to be determined: Choice of reactions and isotopes for quantification . . . . . | 13 |
| 1.4.5. Other sources or related techniques providing complementary information . . . . .        | 17 |
| 1.4.6. Quality control activities . . . . .   | 17 |
| 1.4.7. Statistical evaluation of the data . . . . .   | 25 |
| 1.5. Conclusions . . . . .  | 28 |
| 1.6. Recommendations . . . . .  | 29 |
| References . . . . .  | 30 |

### **PART II: REPORTS BY PARTICIPANTS IN THE CO-ORDINATED RESEARCH PROJECT . . . . .**

**33**

#### **CHAPTER 2. INSTRUMENTAL NEUTRON ACTIVATION ANALYSIS OF ARCHAEOLOGICAL CERAMICS: PROGRESS AND CHALLENGES . . . . .**

*R.L. Bishop*

|   |    |
|---|----|
| 2.1. Introduction . . . . .   | 35 |
| 2.2. Developmental partnership . . . . .  | 36 |
| 2.3. Challenges in the interpretation of INAA data from ceramic systems . . . . . | 38 |

|  |    |
|--|----|
| 2.3.1. Variations in natural and cultural systems .....                              | 38 |
| 2.3.2. Dataanalysis .....  | 41 |
| 2.4. Bridging from analysis to interpretation: Beyond demonstration of contact ..... | 42 |
| References .....   | 44 |

**CHAPTER 3. PROVENANCE ARCHAEOLOGICAL STUDIES OF CERAMIC RAW MATERIALS AND ARTEFACTS USING INSTRUMENTAL NEUTRON ACTIVATION ANALYSIS: THE CASES OF CHASCHUIL AND BOLSÓN DE FIAMBALA (CATAMARCA, ARGENTINA) . . . . .**

*R.R. Plá, N. Ratto*

|  |    |
|--|----|
| 3.1. Introduction .....  | 45 |
| 3.2. Investigation area .....                                  | 46 |
| 3.3. Environment and archaeological record .....               | 46 |
| 3.4. Methodology .....   | 48 |
| 3.4.1. Archaeological studies .....                            | 48 |
| 3.4.2. Analytical studies .....                                | 50 |
| 3.5. Results .....   | 51 |
| 3.5.1. Technological characteristics of analysed samples ..... | 51 |
| 3.5.2. Evaluation of results .....                             | 55 |
| 3.6. Discussion .....  | 65 |
| 3.7. Conclusions .....   | 67 |
| References .....   | 68 |

**CHAPTER 4. TRIBES AND CHIEFDOMS: AN ANALYTICAL STUDY OF SOME BRAZILIAN CERAMICS . . . . .**

*C. V.S. Sabino, A.P. Prous, I. Wiist, Vl Guapindaia*

|  |    |
|--|----|
| 4.1. Introduction .....                          | 72 |
| 4.2. Description of the sites and problems ..... | 73 |
| 4.2.1. Amazonian sites .....                     | 73 |
| 4.2.2. Peruacu sites .....                       | 75 |
| 4.2.3. The Guarál site .....                     | 77 |
| 4.3. Analytical procedure .....                  | 79 |
| 4.3.1. Sampling preparation .....                | 79 |
| 4.3.2. Neutron activation analysis .....         | 81 |
| 4.3.3. Dataanalysis .....                        | 81 |

|        |                                  |    |
|--------|----------------------------------|----|
| 4.4.   | Results .....                    | 81 |
| 4.4.1. | Lower Amazonian ceramics .....   | 81 |
| 4.4.2. | Peruaçu region ceramics .....    | 83 |
| 4.4.3. | Guará site (Goih) ceramics ..... | 84 |
| 4.5.   | Conclusion .....                 | 85 |
|        | Bibliography .....               | 86 |

**CHAPTER 5. CHEMICAL CHARACTERIZATION OF  
BRAZILIAN PREHISTORIC CERAMICS BY INAA . . . . . 89**

*C.S. Munita| RP. Paiva, M.A. Alves| P.M.S. de Oliveira, E.F. Momose|*

|      |   |    |
|------|---|----|
| 5.1. | Introduction .....                      | 89 |
| 5.2. | Archaeological background .....         | 90 |
| 5.3. | Multivariate statistical analysis ..... | 92 |
| 5.4. | Experimental technique .....            | 93 |
| 5.5. | Results and discussion .....            | 93 |
| 5.6. | Conclusion .....                        | 95 |
|      | References .....                        | 95 |

**CHAPTER 6. REGIONAL CERAMIC PRODUCTION AND  
DISTRIBUTION SYSTEMS DURING THE LATE  
INTERMEDIATE CERAMIC PERIOD IN  
CENTRAL CHILE BASED ON NAA . . . . . 99**

*F. Falabella| O. Andonie*

|        |  |     |
|--------|--|-----|
| 6.1.   | Archaeological background .....                    | 99  |
| 6.1.1. | Aconcagua ceramics .....                           | 101 |
| 6.2.   | Research problems and questions .....              | 102 |
| 6.3.   | Research region, materials and methods .....       | 103 |
| 6.3.1. | Sample preparation and techniques .....            | 105 |
| 6.4.   | Analytical procedures .....                        | 106 |
| 6.5.   | Contamination problems .....                       | 107 |
| 6.6.   | Statistical procedures .....                       | 108 |
| 6.7.   | Results from archaeological and clay samples ..... | 108 |
| 6.7.1. | Aconcagua Salmón .....                             | 108 |
| 6.7.2. | Rojo Engobado .....                                | 110 |
| 6.7.3. | Naturalclays .....                                 | 110 |
| 6.8.   | Interpretation of results and discussion .....     | 115 |
| 6.9.   | Conclusions .....                                  | 117 |
|        | References .....                                   | 117 |

CHAPTER 7. CLASSIFICATION OF THE REGIONAL ABORIGINAL  
CERAMIC PRODUCTION AND DISTRIBUTION IN  
THE CENTRAL REGION OF CUBA BASED ON INAA . . . . . 119

*R. Padilla Alvarez, M. Celaya González*

|        |   |     |
|--------|---|-----|
| 7.1.   | Archaeological background . . . . .           | 119 |
| 7.2.   | Research problems and questions . . . . .     | 122 |
| 7.3.   | Materials and methods . . . . .               | 123 |
| 7.4.   | Description of the analysed samples . . . . . | 124 |
| 7.5.   | Results . . . . .                             | 125 |
| 7.5.1. | Jagua pottery  . . . . .                      | 126 |
| 7.5.2. | Yayabo and Yaguajay pottery . . . . .         | 129 |
| 7.6.   | Conclusions . . . . .                         | 132 |
|        | References . . . . .                          | 133 |

CHAPTER 8. CLASSIFICATION OF MAJOLICA POTTERY FROM  
COLONIAL HAVANA ON THE BASIS OF INAA . . . . . 135

*R. Padilla Alvarez, R. Arrazcaeta*

|        |  |     |
|--------|--|-----|
| 8.1.   | Archaeological background . . . . .                  | 135 |
| 8.1.1. | Presence of majolica from colonial Havanna . . . . . | 135 |
| 8.1.2. | San Francisco pottery . . . . .                      | 138 |
| 8.2.   | Research problems and questions . . . . .            | 139 |
| 8.3.   | Materials and methods . . . . .                      | 139 |
| 8.4.   | Description of the analysed samples . . . . .        | 140 |
| 8.5.   | Results . . . . .                                    | 140 |
| 8.5.1. | Coarse pottery: local or imported? . . . . .         | 143 |
| 8.6.   | Conclusions . . . . .                                | 143 |
|        | References . . . . .                                 | 146 |

CHAPTER 9. ELEMENTAL COMPOSITION OF MEXICAN  
COLONIAL MAJOLICA USING INAA . . . . . 147

*F. Monroy-Guzman, P. Fournier*

|        |  |     |
|--------|--|-----|
| 9.1.   | Introduction . . . . .                             | 147 |
| 9.2.   | Experimental procedure . . . . .                   | 149 |
| 9.2.1. | Neutron activation analysis . . . . .              | 151 |
| 9.3.   | Results and discussion . . . . .                   | 152 |
| 9.3.1. | Instrumental neutron activation analysis . . . . . | 152 |

|   |     |     |
|---|-----|-----|
| 9.3.2. Statistical analysis .....   | 153 |     |
| 9.4. Conclusions .....  | 157 |     |
| References .....  | 160 |     |
| <br>CHAPTER 10. CHEMICAL CHARACTERIZATION OF ARCHAEOLOGICAL<br>CERAMICS USING $k_0$ BASED INAA: A STUDY IN THE<br>PRODUCTION AND DISTRIBUTION OF MIDDLE<br>HORIZON POTTERY FROM CUZCO, PERU ..... |     | 163 |
| <i>E. Montoya, M. Glowacki, Jl Zapata, Pl Mendoza</i>   |     |     |
| 10.1. Introduction .....  | 163 |     |
| 10.2. Experimental procedure .....  | 164 |     |
| 10.2.1. Sample selection .....  | 164 |     |
| 10.2.2. Sample preparation and chemical analysis .....  | 166 |     |
| 10.2.3. Statistical analysis .....  | 168 |     |
| 10.3. Results and discussion .....  | 169 |     |
| 10.3.1. Extraction of principal components .....  | 169 |     |
| Bibliography .....  | 183 |     |
| PUBLICATIONS RESULTING FROM THE CRP .....   | 185 |     |
| LIST OF PARTICIPANTS .....  | 187 |     |
