

CONTENTS

1.	INTRODUCTION	1
1.1.	Background	1
1.2.	Objective	2
1.3.	Structure	3
2.	EARLY TERMINATION OF OPERATION OF AN NPP	3
2.1.	Governmental issues	4
2.1.1.	Shutdown decisions	4
2.1.2.	Replacement power	5
2.1.3.	Financial issues	5
2.1.4.	Final waste repository	6
2.1.5.	Legal provisions	7
2.1.6.	Development of safety regulations during the early termination of operation	7
2.1.7.	Development of safety regulations on the management of radioactive waste	8
2.1.8.	Development of regulations on the safety of spent fuel storage	8
2.2.	Regulatory issues	8
2.2.1.	Development of a regulatory framework	8
2.2.2.	The regulatory inspection process	9
2.2.3.	Training of regulatory staff	9
2.2.4.	Licensing	10
2.3.	Change in ownership	11
2.4.	Plant management issues	11
2.4.1.	Ensure safety up to permanent shutdown	11
2.4.2.	Nuclear safety	12
2.4.3.	Fuel safety	12
2.4.4.	Radiation safety	13
2.4.5.	Industrial safety	13
2.5.	Personnel management	13
2.5.1.	Leadership	13
2.5.2.	Communication — open dialogue	14
2.5.3.	Observing and listening	14
2.5.4.	Involvement of staff	14
2.5.5.	Ensuring safety and avoiding human errors	15

2.5.6.	Replacement of staff leaving the plant after a decision on early termination	15
2.5.7.	The personnel selection process	16
2.5.8.	Support for personnel not selected	17
2.5.9.	Training	17
2.5.10.	Management of change	17
2.5.11.	Management of uncertainties	18
2.5.12.	Reorganization	19
2.5.13.	Maintaining competence and organizational memory ..	19
2.5.14.	Determining decommissioning strategies for early termination of operation	19
2.5.15.	Environmental issues	20
2.5.16.	Waste management	20
2.5.17.	Plant maintenance	20
2.5.18.	Quality assurance	21
2.5.19.	Market for spare parts	21
2.5.20.	Documentation	21
2.6.	Communications issues	22
2.6.1.	Maintaining public trust	22
2.6.2.	Routine communication	22
2.6.3.	Use of communications media such as the Internet ...	23
2.6.4.	Local, regional and national politicians	23
2.6.5.	Communication with workers	23
2.6.6.	Public knowledge	24
2.7.	Contractor issues	24
2.7.1.	Perspective of individual contract employees	25
2.7.2.	Perspective of contracting companies	25
2.7.3.	Plant perspective	25
3.	INFORMATION EXCHANGE	26
4.	READINESS ASSESSMENTS	26
