Preface

E. Liljeström

Photograph of participants

Introductory lectures on quantum field theory

L. Alvarez-Gaume and M.A. Vázquez-Mozo

Introduction to QCD in hadronic collisions

M.L. Mangano, 8:

CP violation in meson decays

Y. Nir 131

Experimental aspects of cosmic rays

P. Sommers 17~

The Pierre Auger Observatory - why and how

A.A. Watson ... 191

Instrumentation for high-energy physics

S. Stapnes 2~

Trigger and data acquisition

N. Ellis 24]

International Scientific Committee 26/

Local Organizing Committee 26/

List of Lecturers 267

List of Discussion Leaders 267

List of Students 268

List of posters 269

Photographs (montage) 271
