

CONTENTS

SUMMARY	1
POLICIES AND STRATEGIES IN NUCLEAR SCIENCE AND TECHNOLOGY (Session 1)	
Nuclear knowledge management: Role of the IAEA.....	23
<i>Y. Yanev</i>	
Performance assessment of nuclear knowledge management systems....	31
<i>J. de Grosbois</i>	
Requirements and generic guidance for a management system	39
<i>A. Kosilov</i>	
Knowledge management initiatives at the Philippine Nuclear Research Institute	43
<i>C.C. Bernido, A.E.L. Conjares, C.G. Halnin, A.B. Anden</i>	
A portfolio of knowledge management initiatives to derive business benefit	49
<i>A. Jackson</i>	
MANAGING NUCLEAR INFORMATION RESOURCES (Session 2)	
International Nuclear Information System: Thirty-five years of successful international cooperation	63
<i>A. Tolstenkov</i>	
Experience with knowledge management at GRS – Part 1: Documentation and information management	67
<i>D. Beraha</i>	
Preservation of information and records	73
<i>A. Tolstenkov</i>	
IAEA knowledge management initiatives	79
<i>A. Tolstenkov, A. Kosilov</i>	
ODIN databases of JRC—Petten: Useful tools for European R&D projects and international organizations	85
<i>H.H. Over, E. Wolfart</i>	
Preservation and management of knowledge on WWER reactor pressure vessels	97
<i>L. Debarberis, M. Brumovsky</i>	

HUMAN RESOURCES AND KNOWLEDGE TRANSFER IN THE NUCLEAR SECTOR (Session 3)

Discussion of issues and terminology for knowledge transfer	107
<i>T. Mazour</i>	
Experience with knowledge management at GRS — Part 2:	
Capturing expert knowledge and knowledge preservation	113
<i>D. Beraha</i>	
Capturing tacit knowledge	119
<i>R. Workman</i>	
Knowledge management initiatives at the Malaysian Institute for Nuclear Technology Research	125
<i>A. Rapieh</i>	
Database approaches to safety case information capture, interrogation and maintenance	133
<i>C.K. Bright</i>	
Strategic plan for human resource management at the Chilean Commission for Nuclear Energy	139
<i>L.E. Pérez Andraca, M. Lichtemberg Villarroel, Y. Aucañir Salgado</i>	
Approach of TVA Nuclear to retaining critical knowledge in an ageing workforce	147
<i>J.E. Boyles</i>	

MANAGING AND PRESERVING KNOWLEDGE IN THE NUCLEAR SECTOR (Session 4)

Knowledge preservation for nuclear power plants	157
<i>A. Kosilov</i>	
Knowledge management review criteria	163
<i>T. Mazour, A. Kosilov</i>	
The German approach to nuclear knowledge management	177
<i>M. Petri</i>	
Knowledge management and networking for enhancing nuclear safety ..	183
<i>T. Taniguchi, L. Lederman</i>	
Nuclear knowledge management at the Canadian Nuclear Safety Commission	197
<i>B. Duff</i>	
Asian Nuclear Safety Network	205
<i>L. Ulfkjaer</i>	

Management of nuclear knowledge at the Slovak Nuclear Regulatory Authority.....	211
<i>J. Husarcek</i>	
Knowledge management within the National Commission for Nuclear Activities Control and related support provided by international cooperation	217
<i>F. Ivan</i>	
Knowledge management at Ignalina nuclear power plant	223
<i>L. Alejeva</i>	
Nuclear knowledge management in Thailand	227
<i>K. Tiyapun</i>	

NETWORKING FOR EDUCATION, TRAINING AND KNOWLEDGE TRANSFER (Session 5)

World Nuclear University: Achievements and perspectives	237
<i>Y. Yanev</i>	
Role of the European Nuclear Education Network Association in the management of nuclear knowledge	241
<i>P.-P. De Regge</i>	
High level education in non-power nuclear disciplines and partnership with the research and industrial world: Example of the IUSS- University of Pavia Master's Programme on Nuclear and Ionizing Radiations Technologies	245
<i>A. Faucitano, A. Buttafava</i>	
Asian Network for Education in Nuclear Technology: An initiative to promote education and training in nuclear technology	253
<i>A. Kosilov</i>	
Networking for capturing and preserving existing knowledge.....	257
<i>C.L. Vetere, M. Eppenstein</i>	
The Eugene Wigner Course: An example of international cooperation ..	267
<i>C. Sükösd</i>	
Chairpersons of Sessions and Secretariat of the Workshop.....	281
List of Participants.....	283
