

TABLE OF CONTENTS

890631	A Primer on Automobile Accident Reconstruction 1 J. Ed Martinez Stress Dynamics International, Inc.	1
890634	The Vocabulary of Accident Reconstruction 9 Michael J. Sens, John F. Wiechel, Philip H. Cheng, and Mohammad Marandi S.E.A., Inc. Columbus, OH Dennis A. Guenther The Ohio State Univ. Columbus, OH	9
890635	A Comparison Study of Skid and Yaw Marks 29 Mary S. Reveley and Douglas R. Brown S.E.A., Inc. Columbus, OH Dennis A. Guenther The Ohio State Univ. Columbus, OH	29
<i>ang-vel</i> 890636	Effects of Change in Angular Velocity of a Vehicle on the Change in Velocity Experienced by an Occupant during a Crash Environment and the Localized Delta V Concept 39 Philip H. Cheng S.E.A., Inc. Columbus, OH Dennis A. Guenther The Ohio State Univ. Columbus, OH	39
<i>holohan</i> 890730	Nighttime Photography — Show It Like It Is 55 Robert D. Holohan, Alan M. Billing, and Stephen D. Murray Arcon Engineering Consultants Limited	55
<i>time</i> 890731	Driver Perception Response Time 67 Paul L. Olson The University of Michigan Transportation Research Institute	67
<i>reaction</i> 890732	Perception/Reaction Time Values for Accident Reconstruction 79 Michael J. Sens, Philip H. Cheng, and John F. Wiechel S.E.A., Inc. Columbus, OH Dennis A. Guenther The Ohio State Univ. Columbus, OH	79
890733	Motorcycle and Semi Truck Accident Reconstruction — A Case Study of Human Factors and Avoidability Analysis 95 Thomas R. Fries, Keith M. Cronrath, and Jay R. Smith Talbot Associates, Inc.	95

890734	Stopping Characteristics for Motorcycles in Accident Situations	107
	Thomas R. Fries, Jay R. Smith, and Keith M. Cronrath Talbot Associates, Inc.	
890736	Vehicular Deceleration and Its Relationship to Friction	115
	Walter S. Reed University of Texas at Austin A. Taner Keskin ALFA Engineering, Inc.	
890737	A Case Comparison of Single-Image Photogrammetry Methods	121
	Gregory C. Smith and Douglas "L" Allsop Collision Safety Engineering, Inc.	
890738	Application and Misapplication of Computer Programs for Accident Reconstruction	129
	Terry D. Day and Randall L. Hargens Engineering Dynamics Corp.	
890740	Further Validation of EDCRASH Using the RICSAC Staged Collisions	139
	Terry D. Day and Randall L. Hargens Engineering Dynamics Corp.	
890855	Vehicle Collision Animation Employing Computer Graphics	155
	Walter S. Reed University of Texas at Austin Alvin T. Campbell, III ALFA Engineering, Inc.	
890856	Accident Reconstruction — Response of Halogen Light Filaments during Vehicle Collisions	165
	Thomas R. Fries and Richard O. Lapp Talbot Associates, Inc.	
890857	Reconstruction of Rollover Collisions	177
	K. R. Orłowski and E. A. Moffatt Safety Analysis, Inc. R. T. Bundorf and M. P. Holcomb Current Prod. Engrg. General Motors Corp.	
890859	Development of a Tumble Number for Use in Accident Reconstruction	185
	Thomas A. Bratten Consulting Engineer West Palm Beach, FL	
890739	Three Dimensional Computerized Photogrammetry and its Application to Accident Reconstruction	193
	Michael D. Pepe, James S. Sobek, and Gary J. Huett Wolf Technical Services, Inc. Indianapolis, IN
