| POST-ACCIDENT RECOVERY | 1 |
| 5. INTRODUCTION | 1 |
| 5.1. BACKGROUND TO POST-ACCIDENT RECOVERY | 2 |
| 5.1.1. Goals of recovery | 2 |
| 5.1.2. Basis for recovery | 3 |
| 5.2. REMEDIATION | 5 |
| 5.2.1. Introduction | 5 |
| 5.2.2. Remediation and exposure pathways | 6 |
| 5.2.3. Planning for remediation in Japan after the Fukushima Daiichi accident | 9 |
| 5.2.4. The remediation strategy and objectives adopted in Japan | 15 |
| 5.2.5. Procedures for implementation of remediation | 23 |
| 5.2.6. Remediation in the Intensive Contamination Survey Area | 32 |
| 5.2.7. Remediation in the Special Decontamination Areas | 36 |
| 5.2.8. Implementation of action levels in foods and other materials | 45 |
| 5.2.9. Summary | 52 |
| 5.2.10. Observations and lessons | 56 |
| 5.3. ON-SITE STABILIZATION AND PREPARATIONS FOR DECOMMISSIONING | 57 |
| 5.3.1. Introduction | 57 |
| 5.3.2. Management and regulation of on-site activities | 58 |
| 5.3.3. The mid- and long term roadmap towards decommissioning | 60 |
| 5.3.4. Preparations for decommissioning | 64 |
| 5.3.5. Achieving readiness for decommissioning | 89 |
| 5.3.6. Summary | 91 |
| 5.3.7. Observations and lessons | 93 |
| 5.4. MANAGEMENT OF CONTAMINATED MATERIAL AND RADIOACTIVE WASTE | 94 |
| 5.4.1. Introduction | 94 |
| 5.4.2. Legal framework and responsibilities | 95 |
| 5.4.3. Off-site management of waste and contaminated material | 102 |
| 5.4.4. On-site management of waste and contaminated material | 118 |
| 5.4.6. Summary | 133 |
| 5.4.7. Observations and lessons | 134 |
| 5.5. COMMUNITY REVITALIZATION AND STAKEHOLDER ENGAGEMENT | 134 |
| 5.5.1. Introduction | 134 |
| 5.5.2. The legal framework | 135 |
| 5.5.3. The affected population and infrastructure | 137 |
| 5.5.4. Recovery and revitalization strategies | 147 |
| 5.5.5. Stakeholder engagement and communication | 153 |
| 5.5.6. Media reporting and consequences | 162 |
| 5.5.7. Addressing the question of what is safe | 162 |
| 5.5.8. Summary | 164 |
| 5.5.9. Observations and lessons | 165 |
| APPENDIX I: Pilot demonstration projects for remediation in Japan | 167 |
