

## CONTENTS

I. Review of Vectors; Index Notation	1
II. Rotation of a Coordinate System; Cartesian Tensors	30
III. Stress	46
IV. Deformation	65
V. Basic Equations of Linear Elasticity	83
VI. General Solutions	110
VII. Variational Methods	137
VIII. Thermoelasticity	155
IX. Time-Dependent Problems	172
X. Nonlinear Elasticity	198
Index	213
