

CONTENTS

EXECUTIVE SUMMARY	i
OPENING SESSION	
Opening Address	3
<i>A. Márquez Moreno</i>	
Opening Address	5
<i>A. Veganzones</i>	
Opening Address	9
<i>A. González de Ubieta</i>	
Opening Address	11
<i>A. Gomis Sáez</i>	
The IAEA's policies on the safety of radioactive waste management	19
<i>A.J. González</i>	
Opening Address of the President of the International Conference on the Safety of Radioactive Waste Management	27
<i>J. M. Kindelán</i>	
POLICIES OF THE CO-OPERATING ORGANIZATIONS (Background Session 1)	
Current policy and research on radioactive waste management in the European Union	33
<i>H. Forsström, D.M. Taylor</i>	
Current issues in radioactive waste management within the Nuclear Energy Agency Member countries	55
<i>H.G. Riotte</i>	
The role of the WHO in questions relating to public health and radioactive waste management	63
<i>K.F. Baverstock</i>	

BASIC INTERNATIONAL PRINCIPLES AND RECOMMENDATIONS
(Background Session 2)

The recommendations of the ICRP on radioactive waste management	71
<i>R.H. Clarke</i>	
Basic safety principles of INSAG and their application in radioactive waste management	85
<i>A.J. Baer</i>	
Scientific, legal and sociopolitical dimensions in radioactive waste management	97
<i>G.J. Dicus</i>	

OTHER RELEVANT BACKGROUND MATERIAL
(Background Session 3)

Technological considerations in the safe management of radioactive waste	107
<i>A. Bonne</i>	
Report on the Symposium on Restoration of Environments	121
<i>C. B. Meinhold</i>	

**SAFETY ISSUES IN THE SITING OF RADIOACTIVE WASTE
MANAGEMENT FACILITIES**
(Technical Session 1)

Siting of radioactive waste management facilities	127
<i>V. Ryhänen</i>	
Discussion	134
Round Table 1: Participation of interested parties in the siting decision making process	137

LEGISLATIVE AND GENERAL RADIATION SAFETY ASPECTS
(Technical Session 2)

Legislation and regulatory infrastructure for the safety of radioactive waste management	147
<i>L. Högberg</i>	
Discussion	166

Existing facilities and past practices: Lessons learned	169
<i>D. Huizenga, D. W.Tonkay, K. Owens</i>	
Discussion	185
Round Table 2: Legislative and radiation safety issues in radioactive waste management	187

**SAFETY ISSUES IN THE PREDISPOSAL MANAGEMENT OF
RADIOACTIVE WASTE
(Technical Session 3)**

Principles for removing material from regulatory control	197
<i>J.R. Cooper</i>	
Discussion	208
Safety issues in established predisposal waste management practices	213
<i>W. Thomas</i>	
Discussion	224
Round Table 3: Controversial safety issues in predisposal management	227

**SAFETY ISSUES IN THE NEAR SURFACE DISPOSAL
OF RADIOACTIVE WASTE
(Technical Session 4)**

Safe disposal of residues from the mining and processing of radioactive ores and minerals	235
<i>P.E. Metcalf; J.T. Greeves</i>	
Discussion	244
Disposal of radioactive waste: Achieving safety in the near surface disposal of radioactive waste	247
<i>E. Gil López, P. Carboneras Martínez, J. López de la Higuera, P. Zuloaga</i>	
Discussion	264
Round Table 4: Controversial issues in near surface disposal	268

**SAFETY ISSUES IN THE GEOLOGICAL DISPOSAL
OF RADIOACTIVE WASTE
(Technical Session 5)**

Safety issues in the geological disposal of radioactive waste	277
<i>C. McCombie</i>	
Discussion	296

Round Table 5: Prospects for international repositories	299
Round Table 6: Safety implications of retrievability versus irreversibility	304
Round Table 7: Safety implications of storage versus disposal	3 12

SAFETY MANAGEMENT OF DISUSED RADIOACTIVE SOURCES

(Technical Session 6)

Status on the safe management of disused radioactive sources	3 19
J.O. Lubenau	
Discussion	329
Round Table 8: Controversial issues in the safe management of disused sources	330

TRANSBOUNDARY MOVEMENT OF RADIOACTIVE WASTE

(Technical Session 7)

Legal issues in the transboundary movement of radioactive waste	339
N. Pelzer	
Discussion	355
Round Table 9: Controversial issues in the international transit of radioactive waste	357

CONCLUSIONS AND RECOMMENDATIONS

(Technical Session 8)

Safety issues in the siting of radioactive waste management facilities	363
G.J. Dicus	
Legislative and general safety aspects	364
A. Bishop	
Safety issues in the predisposal management of radioactive waste	365
K. Balu	
Safety issues in the near surface disposal of radioactive waste	367
A.-C. Lacoste	
Safety issues in the geological disposal of radioactive waste	368
L. Williams	
Safety management of disused radioactive sources	370
D. J. Beninson	
Transboundary movement of radioactive waste	37 1
S. McIntosh	
Discussion	372

CLOSING SESSION

Untying the Gordian Knott: Achieving an international consensus on the future of nuclear energy	379
<i>J.B. Ritch III</i>	
Closing Address of the President of the International Conference on the Safety of Radioactive Waste Management	387
<i>J.M. Kindelán</i>	
Closing Address	391
<i>M. ElBaradei</i>	
Closing Address	397
<i>J.M. Serra Peris</i>	
Chairpersons of Sessions	405
President of the Conference	405
Programme Committee	405
Conference Organizing Committee (Spain)	405
Secretariat of the Conference	406
List of Participants	407
Author Index	440
Index of Participants in Discussions	441
