## Section 1 Organization and Management of the Maintenance Function

Chapter 1. Introduction to the Theory and Practice of Maintenance <i>R. Keith Mobley</i>	1.3
Chapter 2. Operating Policies of Effective Maintenance <i>R. Keith Mobley</i>	1.11
Chapter 3. Area and Centralized Maintenance Control <i>Joseph McGuen</i>	1.27
Chapter 4. Operating Practices to Reduce Maintenance Work <i>James D. Quinn</i>	1.33
Chapter 5. Incentive Payment of Maintenance Workers <i>R. Keith Mobley</i>	1.41
Chapter 6. Reports from Maintenance <i>Ernest S. Beachley</i>	1.63
Chapter 7. Maintenance Skills Training <i>Ricky Smith</i>	1.69

## Section 2 The Horizons of Maintenance Management

Chapter 1. Corrective Maintenance <i>R. Keith Mobley</i>	2.3
Chapter 2. Components of Effective Preventive Maintenance <i>R. Keith Mobley</i>	2.7

<b>Chapter 3. Predictive Maintenance</b>	<i>R. Keith Mobley</i>	<b>2.15</b>
<hr/>		
<b>Chapter 4. Maintenance Work Order Planning</b>	<i>Richard (Doc) Palmer</i>	<b>2.31</b>
<hr/>		
<b>Chapter 5. An Introduction to the Computer in Maintenance</b>		
<i>Craig A. Atwater</i>		<b>2.41</b>
<hr/>		
<b>Chapter 6. Computerized Planning and Scheduling</b>	<i>Richard Davies</i>	<b>2.49</b>
<hr/>		
<b>Chapter 7. Maintenance Stores and Inventory Control</b>	<i>Dave Bertolini</i>	<b>2.79</b>
<hr/>		
<b>Chapter 6. Maintenance Storerooms</b>	<i>John C. Martin</i>	<b>2.99</b>
<hr/>		
<b>Chapter 9. Internet for Maintenance and Engineering</b>	<i>Joe/ Levitt</i>	<b>2.109</b>
<hr/>		
<b>Section 3 Establishing Costs and Control</b>		
<b>Chapter 1. Economics of Preventive Maintenance</b>	<i>R. Keith Mobley</i>	<b>3.3</b>
<hr/>		
<b>Chapter 2. Work Measurement</b>	<i>R. Keith Mobley</i>	<b>3.13</b>
<hr/>		
<b>Chapter 3. Rating and Evaluating Maintenance Workers</b>	<i>Frank Ha/chin</i>	<b>3.59</b>
<hr/>		
<b>Chapter 4. Work Simplification in Maintenance</b>	<i>Raymond J. Reull</i>	<b>3.83</b>
<hr/>		
<b>Chapter 5. Estimating Repair and Maintenance Costs</b>	<i>Nicholas Foster</i>	<b>3.101</b>
<hr/>		
<b>Section 4 Maintenance of Plant Facilities</b>		
<b>Chapter 1. Maintenance of Low-Sloped Membrane Roofs</b>		
<i>Donald R. Mapes and Dennis J. McNeil</i>		<b>4.3</b>
<hr/>		

<b>Chapter 2. Concrete Industrial Floor Surfaces: Design, Installation, Repair, and Maintenance</b> <i>Robert F. Vtterberg</i>	<b>4.19</b>
<b>Chapter 3. Painting and Protective Coatings</b> <i>Bryant (Web) Chandler</i>	<b>4.29</b>
<b>Chapter 4. Maintenance and Cleaning of Brick Masonry Structures</b> <i>Brian E. Trimble</i>	<b>4.49</b>
<b>Chapter 5. Maintenance of Elevators and Special Lifts</b> <i>Jerry Robertson</i>	<b>4.65</b>
<b>Chapter 6. Air-Conditioning Equipment</b> <i>Martin A. Scicchitano</i>	<b>4.75</b>
<b>Chapter 7. Ventilating Fans and Exhaust Systems</b> <i>Richard M. Wojcik</i>	<b>4.107</b>
<b>Chapter 8. Dust-Collecting and Air-Cleaning Equipment</b> <i>Lee Twombly and Samuel G. Dunkle</i>	<b>4.135</b>
<b>Chapter 9. Piping</b> <i>Tyler G. Hicks</i>	<b>4.149</b>
<b>Chapter 10. Scaffolds and Ladders</b> <i>Colin P. Bennett</i>	<b>4.183</b>
 <b>Section 5 Maintenance of Mechanical Equipment</b>	
<b>Chapter 1. Plain Bearings</b> <i>William A. Vahraus and George R. Kingsbury</i>	<b>5.3</b>
<b>Chapter 2. Rolling-Element Bearings</b> <i>Daniel R. Snyder</i>	<b>5.19</b>
<b>Chapter 3. Flexible Couplings for Power Transmission</b> <i>Donald B. Cutler</i>	<b>5.45</b>
<b>Chapter 4. Chains for Power Transmission</b> <i>Frank B. Kempf</i>	<b>5.73</b>
<b>Chapter 5. Cranes: Overhead and Gantry</b> <i>William S. Chapin</i>	<b>5.83</b>

<b>Chapter 6. Chain Hoists</b>	<i>R. C. Dearstyne</i>	<b>5.91</b>
<hr/>		
<b>Chapter 7. Belt Drives</b>	<i>Tom Lovini</i>	<b>5.101</b>
<hr/>		
<b>Chapter 8. Mechanical Variable-Speed Drives</b>	<i>Edward F. Krome, Jr</i>	<b>5.129</b>
<hr/>		
<b>Chapter 9. Gear Drives and Speed Reducers</b>	<i>Robert G. Smith</i>	<b>5.147</b>
<hr/>		
<b>Chapter 10. Reciprocating Air Compressors</b>	<i>M. F. Baecker</i>	<b>5.173</b>
<hr/>		
<b>Chapter 11. Valves</b>	<i>Joseph J. Haddad</i>	<b>5.185</b>
<hr/>		
<b>Chapter 12. Pumps: Centrifugal and Positive Displacement</b>	<i>R. Keith Mobley</i>	<b>5.201</b>
<hr/>		
<b>Section 6 Maintenance of Electrical Equipment</b>		
<b>Chapter 1. Electric Motors</b>	<i>James S. Bowers and Frank W. Ceney</i>	<b>6.3</b>
<hr/>		
<b>Chapter 2. Maintenance of Motor Control Components</b>	<i>Kenneth L. Paape</i>	<b>6.49</b>
<hr/>		
<b>Chapter 3. Maintenance of Industrial Batteries (Lead-Acid, Nickel-Cadmium, Nickel-Iron)</b>	<i>Richard L. Kreutzfeldt</i>	<b>6.88</b>
<hr/>		
<b>Chapter 4. Illumination</b>	<i>Ricky Smith</i>	<b>6.115</b>
<hr/>		
<b>Section 7 Sanitation and Housekeeping</b>		
<b>Chapter 1. Organizing the Sanitation-Housekeeping Personnel</b>	<i>Carl L. Hagan</i>	<b>7.3</b>
<hr/>		
<b>Chapter 2. Maintaining Plant Sanitation and Housekeeping</b>	<i>Carl L. Hagan</i>	<b>7.19</b>
<hr/>		

<b>Chapter 3. Industrial Housekeeping</b> <i>Carl L. Hagan</i>	<b>7.41</b>
--	-------------

---

<b>Chapter 4. Cleaning Industrial Plant Offices</b> <i>Gorman Sterzinger and Carl L. Hagan</i>	<b>7.55</b>
--	-------------

---

## **Section 8 Instruments and Reliability Tools**

<b>Chapter 1. Mechanical Instruments for Measuring Process Variables</b> <i>R. Keith Mobley</i>	<b>8.3</b>
--	------------

---

<b>Chapter 2. Electrical Instruments for Measuring, Servicing, and Testing</b> <i>R. Keith Mobley</i>	<b>8.43</b>
--	-------------

---

<b>Chapter 3. Vibration: Its Analysis and Correction</b> <i>R. Keith Mobley</i>	<b>8.71</b>
---	-------------

---

<b>Chapter 4. An Introduction to Thermography</b> <i>R. Keith Mobley</i>	<b>8.109</b>
--	--------------

---

<b>Chapter 5. Tribology</b> <i>R. Keith Mobley</i>	<b>8.131</b>
--	--------------

---

## **Section 9 Lubrication**

<b>Chapter 1. The Organization and Management of Lubrication</b> <i>F. Alverson, T. C. Mead, W. H. Stein, and A. C. Witte</i>	<b>9.3</b>
---	------------

---

<b>Chapter 2. Lubricating Devices and Systems</b> <i>Duane C. Allen</i>	<b>9.15</b>
---	-------------

---

<b>Chapter 3. Planning and Implementing a Good Lubrication Program</b> <i>R. Keith Mobley</i>	<b>9.29</b>
--	-------------

---

## **Section 10 Maintenance Welding**

<b>Chapter 1. Arc Welding in Maintenance</b> <i>J. E. Hinkel</i>	<b>10.3</b>
--	-------------

---

<b>Chapter 2. Gas Welding in Maintenance</b> <i>Engineers of L-TEC We/ding and Cuffing Systems</i>	<b>10.63</b>
---	--------------

---

## **Section 11 Chemical Corrosion Control and Cleaning**

<b>Chapter 1. Corrosion Control</b> <i>Denny Bardoliwalla and Klaus Wittel</i>	<b>11.3</b>
--	-------------

---

<b>Chapter 2. Industrial Chemical Cleaning Methods</b> <i>Robert Haydu, W. Emerson Brantley III, and Jerry Casenhiser</i>	<b>11.17</b>
---	--------------

---

<b>Index</b>	<b>1.1</b>
