

CONTENTS

EXECUTIVE SUMMARY	1
OPENING SESSION	
Welcoming Remarks	7
<i>D. B. Waller</i>	
Opening Address	9
<i>A.J. Baer</i>	
Opening Address: The safety of radioactive waste management: Towards an international regime	15
<i>A.J. González</i>	
Opening Address: Strategic directions in radioactive waste management: The perspective of the OECD/NEA	49
<i>L. Echávarri</i>	
Opening Address: The European Commission's proposals in the area of nuclear safety and radioactive waste management 'nuclear package'	59
<i>Sl Klement</i>	
Opening Address: Preparing for the nuclear century: The roles of science and public policy in resolving the issue of nuclear waste	63
<i>J.B. Ritch</i>	
INTERNATIONAL OVERVIEW (Session 1)	
The present situation in radioactive waste management: An EDRAM perspective	75
<i>P Nygards</i>	
Regulatory challenges in radioactive waste management on nuclear sites	79
<i>L.Gl Williams</i>	
Radioactive waste management: A Greenpeace perspective	87
<i>S. Carroll</i>	
Discussion: International overview	93

**CONTROLLING DISCHARGES OF
RADIOACTIVE EFFLUENTS TO THE ENVIRONMENT:
POLICIES AND TRENDS (Session 2)**

New international legal instruments influencing the control of radioactive discharges to the environment	97
A. Simcock	
An assessment of the implications of a regional convention on discharge control policies	121
XI Rincel	
Development of new policies on protection of the environment from the effects of ionizing radiation	131
L.-E. Holm	
Panel: Implications of the new trends in discharge policies for the nuclear industry worldwide	147

LONG TERM STORAGE OF RADIOACTIVE WASTE (Session 3)

Long term waste management: Historical considerations and societal risks	161
M. Buserl	
Development of the ‘interim safe storage’ concept	183
D. Bonser	
The case for long term storage of radioactive waste	201
K. Sullivan	
Panel: Is long term storage a technically acceptable management strategy for radioactive waste from safety, sustainability and physical security perspectives?	215

GEOLOGICAL DISPOSAL OF RADIOACTIVE WASTE (Session 4)

The US nuclear waste management programme: The path forward to licence application for a geological repository at Yucca Mountain	235
M.S.YI Chu	

Panel 1: What are the present and future issues and challenges in relation to the implementation of geological disposal? 241

How to accommodate nuclear safeguards requirements for spent fuel in a final disposal facility 249

M.J. Tarvainen, J. Rautjärvi, A. Tiitta

Panel 2: How will nuclear safeguards requirements affect the design and post-closure management of geological repositories? What knowledge is required for the future and how will it be retained from safety and safeguards perspectives? 263

THE MANAGEMENT OF DISUSED RADIOACTIVE SOURCES (Session 5)

Overview of the international situation and the management options for spent radioactive sources 277

V. Friedrich

Panel: The way forward in managing disused radioactive sources 287

THE MANAGEMENT OF LARGE AMOUNTS OF LOW ACTIVITY RADIOACTIVE WASTE (Session 6)

Management of NORM: An international overview 297

H. Fernandes, M.R. Franklin, M.A. Pires do Rio

Panel: How should policies be developed in this area and can they be consistent with policies in other areas of radioactive waste management? 315

THE MANAGEMENT OF RADIOACTIVE WASTE FROM PAST ACTIVITIES AND EVENTS (Session 7)

The Contact Expert Group for international radioactive waste projects in the Russian Federation 329

T. Norendal

Safety upgrading of the Püspözilagy disposal facility	337
<i>P. Ormai</i>	
Management of accumulated high level waste at the Mayak Production Association in the Russian Federation	359
<i>V.N. Romanovsky</i>	
Remediation of the Olen site	373
<i>J.-P Minon, A. Dierckx</i>	
Status of the United States Department of Energy's site remediation programme	387
<i>F!M. Bubar, D. Tonkay</i>	
Panel: What lessons have been learned from past experiences? How should we manage waste in facilities built to previous safety standards?	399

PUBLIC ATTITUDES TO RADIOACTIVE WASTE (Session 8)

Public opinion survey on radioactive waste in the European Union	411
<i>D. M. Taylor</i>	
Media perspectives on the radioactive waste issue	423
<i>L. McGinty</i>	
Panel: What determines public attitudes? What should be done?	431

INVOLVING STAKEHOLDERS IN DECISIONS ON THE SITING OF RADIOACTIVE WASTE FACILITIES (Session 9)

National experiences in siting waste management facilities in Sweden	447
<i>C. Thegerström</i>	
The lessons learned from the UK radioactive waste management programme	461
<i>C. Murray</i>	
Status report on the OECD/NEA Forum on Stakeholder Confidence	471
<i>Y. Le Bars, C. Pescatore</i>	
Panel: Involving stakeholders in the process of decision making: when and how?	479

INTERNATIONAL REGIME FOR THE SAFETY OF RADIOACTIVE WASTE MANAGEMENT (Session 10)

The need for a binding international safety regime: The Joint Convention on the Safety of Spent Fuel Management and on the Safety of Radioactive Waste Management (The Joint Convention)	495
0. Jankowitsch-Prevor	
The achievement of globally applicable safety standards	509
L.G. Williams, RP. Pape	
Panel: An international safety regime — is it desirable? If so, how to achieve it?	519

SUMMARIES OF SESSIONS AND PANEL DISCUSSIONS (Session 11)

Summary of Session 2	529
Summary of Session 3	533
Summary of Session 4	538
Summary of Session 5	540
Summary of Session 6	543
Summary of Session 7	547
Summary of Session 8	551
Summary of Session 9	555
Summary of Session 10	557

CLOSING SESSION

CoInference President's closing statement: Summary of the Conference	563
A.J. Baer	
Closing statement	571
A. Bonne	
CoInference President, Chairpersons of Sessions and Secretariat of the conference	573
Programme Committee	574
List of Participants	575
Author Index	617
