EXECUTIVE SUMMARY	1
OPENING SESSION	
Opening Address.....	45
<i>L. Sommestad</i>	
Opening Address.....	49
<i>T. Taniguchi</i>	
Opening Address.....	53
<i>N. Gentner</i>	
Opening Address.....	55
<i>E.W. Henrich</i>	
Opening Address.....	57
<i>P. Strand</i>	
Conference President's Address	59
<i>L.-E. Holm</i>	
Opening Address.....	69
<i>S. Åström</i>	
BACKGROUND SESSION	
Environmental radioactivity: The development of the ICRP philosophy	73
<i>R.H. Clarke</i>	
Protecting the environment from radiation exposure: International efforts for restricting discharges of radioactive substances	85
<i>A.J. González</i>	
Ensuring protection of non-human species: A nuclear industry perspective	99
<i>J.B. Ritch III</i>	
Environmental radiation protection: Views of the WWF.....	105
<i>S. Smith</i>	
Discussion.....	113

**STAKEHOLDER VIEWS
(Topical Session 1)**

Regulatory control of discharges of radioactive material
to the environment: A regulator's view 117
A.A. Oliveira

Regulatory control of discharges to the environment:
An operator's view 133
J. Ishida

Topical Session 1: Discussion 147

Round Table 1: Discussion 149

**CASE STUDIES
(Topical Session 2)**

Assessment of marine biota doses arising from radioactive discharges
to the sea by the COGEMA La Hague facility:
A comprehensive case study 159
D.B. Chambers, E. Muller, S. Saint-Pierre, S. Le Bar

US Department of Energy's regulatory and
evaluation framework for demonstrating radiation protection of
the environment: Implementation at the Hanford Site 175
E.J. Antonio, B.L. Tiller, S.L. Domotor, K.A. Higley

Protection of the environment from the effects of
ionizing radiation associated with uranium mining 193
A. Johnston, C. Humphrey, P. Martin

Topical Session 2: Discussion 209

Rapporteur's Summary 1: Contributed papers on
regulatory approaches and case studies 215
L. Moberg

**APPROACHES FOR NON-RADIOACTIVE POLLUTANTS –
SEARCHING FOR COHERENCE AND CONSISTENCY
(Topical Session 3)**

Regulating non-radioactive environmental pollutants in Canada 231
L. Power

Topical Session 3: Discussion 243

Round Table 2: Discussion 247

BUILDING ON CURRENT KNOWLEDGE
(Topical Session 4)

Protection of the environment: Current status and future work	261
<i>P. Strand, J.E. Brown, M. Iospje, R. Avila</i>	
The FASSET and EPIC projects: Development of conceptual and practical approaches to environmental assessment and protection	275
<i>C.-M. Larsson, P. Strand</i>	
Radionuclide bioaccumulation patterns in marine organisms	291
<i>S.W. Fowler</i>	
Ecological systems — data requirements and availability	305
<i>N.A. Beresford, B.J. Howard</i>	
Rapporteur's Summary 2: Contributed papers on environmental transfers and dosimetry	315
<i>G. Pröhl</i>	
Rapporteur's Summary 3: Contributed papers on biological effects and population and ecosystem studies	325
<i>S. Salomaa</i>	
Radiation weighting factors for biota	337
<i>D.B. Chambers</i>	
Effects of ionizing radiation on the individual: An overview	351
<i>I. Zinger, S. Sundell-Bergman, D. Coplestone, D. Woodhead</i>	
The effects of exposure to multiple stressors:	
A regulatory perspective	369
<i>P.A. Thompson, G. Bird, M. McKee</i>	
Can continuous low level irradiation affect populations?	381
<i>D.S. Woodhead</i>	
Effects of radiation in contaminated areas	399
<i>R.M. Alexakhin, S.V. Fesenko, S.A. Geraskin, N.I. Sanzharova, Y.V. Spirin, S.I. Spiridonov, I.A. Gontarenko, P. Strand</i>	
Concept and use of reference animals and plants	411
<i>R.J. Pentreath</i>	
Topical Session 4: Discussion	421
Discussion following the presentations of Menzel and Chambers	427
Discussion following the presentations of Woodhead, Alexakhin and Pentreath	435
Round Table 3: Discussion	439

**IMPLICATIONS OF ICRP PROPOSALS FOR
INTERNATIONAL SAFETY STANDARDS
(Topical Session 5)**

ICRP developments on protection of non-human species	455
<i>L.-E. Holm</i>	
Building a system for radiological protection of the environment: Contribution from the OECD/NEA Committee on Radiation Protection and Public Health	467
<i>S. Mundigl</i>	
Status of IAEA work on the development of standards on environmental radiation protection, and ideas for the future	475
<i>C.A. Robinson</i>	
Topical Session 5: Discussion	487
Round Table 4: Discussion	491
Round Table 5: Discussion	505
Chairpersons of Sessions and Secretariat of the Conference	515
Programme Committee	516
List of Participants	517
Author Index	545
Index of Participants in Discussions	547
